## Cyber Risk and Your Business

When cyber-attacks like data breaches and hacks occur, they can result in devastating damage. Businesses have to deal with breach response expenses, business disruptions, lost revenue, regulatory investigation and litigation. It is important to remember that no organization is immune to the impact of cyber-attacks and cybercrime. As a result, cyber liability insurance has become an essential component to EVERY risk management program.

Join Gilroy, Kernan & Gilroy and nationally recognized Cyber expert Chas Bellingrath of ARC Excess & Surplus, LLC, for a free webinar on evolving liabilities related to cyber, privacy and security exposures.

On the Webinar participants will learn more about the following:

- Cyber and Cyber Crime Exposures
- Market Conditions
- Legal Landscape
- Cyber Claims Related to YOUR BUSINESS
- Cyber Coverage Options and Overview

You'll learn policies and procedures for dealing with a security breach, find out how much various forms of breaches can cost your business, and gain insights on how to protect against the growing and evolving threat of cyber-attacks.
