It is my honor to welcome you to the 56th Annual PICA Awards. Tonight is a celebration of our Industry, what PRINT IS, and the way that we use images, text and innovation to energize our communities and our world.

Since 1966, the Printing Industry of the Carolinas has been hosting one of the nation’s premiere regional Print awards programs. As the times have changed, Print has expanded its footprint to encompass more than just ink on paper. All of the entries tonight reflect how Print is integral to communication. We are no longer just Printers, we are Communication Specialists, and our work shouts that loud and clear.

During this past year we have all faced insurmountable odds and challenges of paper and employee shortages, uncertainty about how politics would play into the running of our businesses and, of course, health care concerns for our teams. We have come to the aid of our colleagues by assisting with supply chain issues and as sounding boards for HR issues and policies and procedures. What a great organization to be a part of! PRINT IS. Encouragement.

Congratulations to tonight’s winners. We celebrate the effort, teamwork and dedication it takes to be recognized as a PICA Award winner. Whether you take home the Best of Show or a different award, know that you are all winners, because you have confidence in your employees and the work you have produced.

Thank you to our Vendors, without whose support PICA would not be able to provide such valuable programming. Thank you to our Judges, who recognize and reward the challenges it takes to bring a superior print piece to completion. Thank you to our Awards Committee for the hard work and time it takes to plan this beautiful celebration.

This year, I have had the opportunity to lead a PICA team that is passionate about promoting Print to industry, businesses, and students. Because you are here tonight, I know that you believe in PRINT and its power as a communication tool. I encourage you to check out our new website, www.printis.info., and see all the resources that are provided for you there. PICA is here to help you grow your business and be the best you can be at what you do. Whether you consider yourself a large or small Printer – or somewhere in between – know that what you do makes a difference in your community. Being involved in PICA means you are part of the Best of the Best, and that’s what tonight is all about.

Thank you for being a part of our PICA community. Let’s continue showing the world what PRINT IS.

Blessings to you and yours,

Lydia J. Morgan
Chairwoman of the Board
The Printing Industry of the Carolinas, Inc.

Our Story:

For this job we had to make 86 of these 24”x36” lenticular displays. All these were going to be displayed in the hotel rooms of the hotel that’s in the picture. From the left side you can see the original construction picture from when they were building it and as you transition to the right side it turns in to what it looks like currently. We print, cut, score, and hand folded each triangle and adhere them to a backer plate which forms the overall image. As you can imagine, this was an exhausting process because we only had a couple weeks to get them done. Needless to say, we had all hands on deck for a solid week to get these done in time. Hands, feet, and backs were definitely hurting after we got done but it was certainly satisfying to see them done and packed up on the pallets for shipping. It really took a team effort!
